RABBI'S MESSAGE

In the spring of 1988, Israeli General Yossi Ben Hanan visited the Rebbe to inquire about continuing his career in the IDF. The Rebbe encouraged him to continue serving Israel in the IDF by focusing on achieving true deterrence against our enemies so there would be no need for war in the first place. When Yossi asked for a blessing that G-d give him the strength to do so, the Rebbe responded: "Strength, you already have. But strength locked in a box - guarded so carefully that no one knows about it - defeats the entire purpose."

The recent and epic operations and airstrikes that Israel unleashed on Hezbollah in Lebanon are being hailed as historic espionage operations. First was the beeper and walkie-talkie attack. It was immediately followed by an air strike that eliminated the entire senior command of Hezbollah's Radwan Forces; a group that is trained, armed, and poised to unleash "October 7th on steroids" type of attacks on Israel, Heaven forbid!

Why did Israel suddenly take the conflict to new levels this week?

The most recent change came when Israel's Security Cabinet updated the objectives of the war to include "returning the residents of the North securely to their homes."

Due to the war with Hezbollah, there are close to 100,000 residents of over 40 communities in Northern Israel who for the last year(!) have been evacuated from their homes and are still unable to return. This includes my uncle who is the chief rabbi of Metula - a city that borders Lebanon.

The current IDF operation we've been witnessing is really the type of strength Israel possessed all along. It will hopefully go a long way to achieving true deterrence against all our enemies and restoring security to everyone living in Israel and allowing all those displaced to return home.

But Israel's strength was only unleashed once the government updated its official war goals.

DEDICATED IN LOVING MEMORY OF

Rabbi Mendy Sasonkin OBM

Rabbi Mendy will be remembered for his kindness
and his unconditional love for everyone he met.

May his memory be a blessing to us all!

RABBI'S MESSAGE CONTINUED...

Here is the timely lesson we can all learn from this:

The month of Elul preceding Rosh Hashana is the annual time for personal accounting of the past year and preparation for the upcoming new year. We are all endowed with tremendous potential to do great things, but most of our strengths remain locked up in the proverbial box, with many excuses to justify the status quo.

Now is the time to reject the status quo and update our goals for the new year.

That is all it takes for the immense power within us to unleash a wave of goodness and kindness in the world ushering in the era of Moshiach when peace and tranquility will reign for all.

As Rosh Hashana approaches, we pray that G-d bless us with a year of health, happiness, and success!

Mussie & I wish you a Shana Tova Umetuka - a happy and healthy sweet new year.
